BAMMC EJCR 2B 606		CRIME REPORTING
Course objectives		
Indian Journalism has progressed significantly. Despite the fact that print media is still at the bleeding edge of remarkable work in Indian news coverage there are sure faces in the advanced media that motivate you to take up news-casting. Their trustworthiness, coarseness, and determination are characteristics that make them few of the best Indian writers over the most recent few decades. Composing or covering news isn't as simple an accomplishment as we might suspect it might be. There is a great deal of elements included while covering a news piece, either in print or advanced. In any case, there are sure identities in the Indian news coverage world that cross all deterrents and hindrances and think of an approach to convey the news to India and the remainder of the world with most extreme trustworthiness. Students will learn the art of covering news as well as have a thorough learning of criminal journalism in this subject,

Note:			
1. Students have to choose an existing product with new fresh brand name & new logo &			

not the existing brand.

2. Students should not be encouraged to bring in 'innovation' in the product or not to 'invent' totally new. Invention is job of engineers & we are in communication. (If agency has to rely on innovation for the advertisement then it's a failure of their efficiency.)

3. The viva will be based on the project & the evaluation will be based on its effectiveness as communication design.

4. Make students aware that marketing & advertising are different things & advertising has to be self-explanatory. If student has to verbally push to sell 'his work' then the work is weak.
